Being able improve my vocab and use more Lit devices

2. What would you continue to work on if you had more time?

The Infographic I would improve my layout for the visual.

3. What work did you do to complete Project #2? I don't want to know what I asked you to do; I want to know what you did and where you got stuck and overcame any struggles or difficulties.

### Step 3

Go back to your Project 3 Folder and re-read the personal goals you set for yourself. Answer the following questions:

I want to be able to Write more fluently.

I want to be able to make a good and well written paper.

I want to be able to use better language and more literary devices

2. Have those goals changed? How and why or why not?

No as I was able to hit all of them during the project 2/

3. Return to your list goals, and for each one answer the questions:

•Do you feel like you're working toward those goals?

Yes

•What did you learn? How do you know?

I learned the difference between the Discourse community and the different types of genere.

- What did you do in order to reach or work toward your goals?

I read and watch more shows and read more books as I like to read How to kill a mockingbird.

4. Review our course goals. Do your personal goals or any of the work you did in reaching those goals or learning something have overlap with the course goals?

Yes and technically no. The study "Quality of Life and Mental Well-Being: A Gendered Analysis of Persons Experiencing Homelessness in Canada" needs a detailed, text-based assessment of how research could make a case on vulnerability, agency, and structural restriction.
